Welcome to VH2 by Vanity Hall.
We are proud to present our latest offering of
bathroom furniture, worktops and ceramics.

Why choose VH2?

Beautifully affordable bathroom furniture

Vanity Hall has been manufacturing exemplary bathroom furniture for over 30 years. From our humble beginnings in 1992, to our purpose designed 60,000 sq. ft office suite and manufacturing site, we have continued to maintain our ethos for handcrafted excellence, thanks to our team of highly skilled local craftspeople, some of whom have been with the business since the very beginning.

Through creative design, development and continued investment in the very latest manufacturing processes, every piece of bathroom furniture is handcrafted to the highest exacting standards.

Exceptional quality

Every Vanity Hall customer deserves the best... the best quality of products and the best selection of finishes. Unwavering commitment to traditional English cabinet making and joinery remains evident in every piece of furniture we make.

Made in Great Britain

Traditionally manufactured in the heart of England, our skilled craftspeople require patience, passion and an unrivalled understanding of carpentry. We're proud to be a British manufacturer and endeavour to support other British suppliers and manufacturers. It's why we champion British craftsmanship at every opportunity.

Make it your own

With our comprehensive range of units, sizes and finishes, our furniture can be configured to suit any taste. Choose from a selection of stunning worktop and basin combinations to complement your furniture. And complete the look with handles from our premium handle range.

Finest components

Every unit we make is manufactured to our same exacting standards. As such, products of this calibre require associated leading brands. Lifetime guarantee Blum® components are fitted as standard to all units. We're also justifiably proud to be a partner of the DuPont™ quality network, an accolade which acknowledges and supports only the elite Corian® fabricators in the world.

Sustainability is at the heart of everything we do

Made to last

We manufacture our bathroom furniture to last, meaning a longer lifespan, which is better for the environment.

Responsibly sourced materials

We source our raw materials locally and ensure our timber products are responsibly sourced from well-managed forests and other controlled sources.

Reducing waste

All our wood offcuts are used on site as fuel to heat our factory and offices, helping to reduce waste.
